Welcome from the VP Advocacy

Dear Thunderwolves,

Welcome to LUSU Clubs! LUSU commends your effort on embarking on an exciting student experience despite the COVID-19 pandemic across the world. This year, Clubs will be a little different, with most of your activities being held online. LUSU would like to assure you that we are with you every step of the way. If you have any questions about anything pertaining to your club, please don't hesitate to contact me. My email address is vpa@lusu.ca, or you can reach me by phone at (807) 343-8602.

Whatever your activities you have planned, I'm sure they will be a blast!

I look forward to interacting with you all soon!

- Amla Sandur

Starting or Renewing a Club: Things You Need to Know!

To be ratified, all clubs must meet the following requirements:

- All Club Officers must be LUSU members
- At least 10 club members must be current LUSU members

Club funding is not guaranteed. Eligible, ratified clubs may be granted LUSU funding if their club meets our club funding requirements. Ratified clubs must have at least 20 club members who are current LUSU members to be eligible for funding consideration.

So You Want to Start a Club!

Awesome! Clubs are the cornerstones to student life at the university, and your student union is proud to support each and every one.

Clubs can be started by any group of LUSU members and can focus on almost anything you can imagine -- whether you're looking to run trivia competitions about eastern European art history, you want to talk about philosophy or politics with a group of like-minded folks, or you are looking to improve on your hockey skills with a friendly weekly game -- starting a club can help you do it.

What are the benefits of starting a club?

Club status gives you a number of benefits:

- Recognition by LUSU and the university that you're a legitimate group working together and taking part in student life.
- Free or discounted access to space across campus, including use of LUSU's facilities such as The Outpost and The Study.
- Possible eligibility for a \$200 club grant from LUSU that can be used to further your club's purpose, like buying equipment or putting together a great social event.
- Insurance for your events provided by LUSU, to make sure that if anything unforeseen happens, you won't be personally on the hook.
- LUSU offers clubs safe and secure management of club funds. Deposit and request funds from your club account for free.
- Mail services through a club mailbox at the LUSU office, including the ability to send club-related mail for free.
- Complimentary photocopy and fax service at the LUSU office.¹
- Graphics design and printing services through the LUSU office.²

There are tons more benefits you get from being a club that we wouldn't be able to list here, but we encourage you to give us a call and ask how we can support you.

¹ A fair use limit applies to photocopies made by clubs at the LUSU office.

² Booking time for graphics design and printing must be done well in advance. Please contact Caine Smith, LUSU Communications Officer (807) 346-7745 for more information.

How do clubs work?

Clubs are a good way to learn how to run an organization on a smaller scale. Clubs have a statement of purpose, which describes why the club exists and what the club intends to offer its members. Clubs also have “officers” who lead the club and help run activities.

Lastly, clubs have a “constitution”, which is a set of written rules that the club, its officers, and its members must follow.

Clubs are democratic organizations, which means that club members choose the leaders of the club and the rules that the club follows. After your club is created, members must choose their future leaders at the end of each academic year. This helps keep your club alive and active even after you leave the university.

How to Start a Club

We’ve developed an online application for easy application and management of your club.

Through the online application, club officers can:

1. View and track club finances
2. View club memberships
3. Create and send out mass emails to your club members
4. Ensure proper and easy transition from year to year
5. Ensure people who are club members are actually interested

The following sections go into more detail about how to start a club or renew an existing club.

The Club Application

The online club application will ask you a number of questions about your club, you may want to consider these prior to the application process:

1. **Club Name:** Probably the most obvious question, but also the most important. Make sure you pick a name that best illustrates your activities. Please note that you can't pick a name that would confuse people into thinking that you're an official LUSU or university department, nor can you pick a name that would violate university regulations or the LUSU governing documents.
2. **Club Acronym:** We hate writing things out because it takes too long. That's why you get to pick a club acronym that allows people to refer to your club without saying or writing the whole thing. For example, "Lakehead University Tennis Club" would become LUTC.
3. **Club Purpose:** You probably already know what your club will be doing, but boiling it down to a couple of sentences is a bit of a challenge. Your club's purpose statement is an official outline of what you're going to be doing and how. Try to be broad and illustrate the essence of what you will be taking on; for example, the LU Tennis Club might write, "to promote the sport of tennis at Lakehead University and to support our members through providing resources and opportunities for improving their playing skill." It's important not to get too specific; for example, don't write "we'll host three events annually" or "we play hockey on a weekly basis."
4. **Membership Exclusivity:** For the majority of clubs, you'll want to let any interested student join and take part in your activities. In some instances, however, you may want to place restrictions on who can become a member. The LUSU by-laws only allow restrictions under three distinct categories: politics, religion, and area-of-study. If your club's purpose is to engage in activities related to a particular political ideology, you can restrict your membership to only those who identify with that ideology. Similarly, if you want to start a religious club, you may restrict your membership to only those who identify with your religion. Lastly, if you'd like to start a club for only those in a particular faculty, major, or discipline, you may restrict your membership to only those who are registered in a particular program.

Please note that the LUSU by-laws do not allow for political clubs (such as a club affiliated with an official political party) to qualify for the \$200 club grant.

5. **Membership Dues:** Sometimes you may want to mandate a fee that people must pay before they can become members of your club. This may be important for clubs that plan a lot of events in which the majority of club members participate (such as a sports club renting equipment and practice space). If you want to charge dues, you must get special approval before your club is ratified. In order to assist LUSU in approving your ability to charge dues, please make sure that your fee is reasonable and that you demonstrate your need to charge dues.

6. **Club Officers:** Your club must have at least three officers. Club officers must be current LUSU members and cannot hold any other paid position within LUSU. Three traditional roles officers play are that of president, treasurer, and secretary. If you choose to use the model constitution, these roles will be predefined for you and you have to do nothing further.
 - a. **President:** The president is your club's chief executive and primary decision maker. They set the direction of the club and are ultimately responsible for running its operations.

 - b. **Treasurer:** The treasurer is your club's financial officer, who is in charge of the money flowing in and out of your club. They are also typically in charge of helping your club's budget, its events and raising money to fund your activities.

 - c. **Secretary:** The secretary is your club's record keeper. Because a club is an official (albeit relatively informal) organization, it needs to keep records of its activities. The secretary is in charge of chronicling all of what your club does, as well as keeping minutes at official club meetings.

7. **Public Contact Information:** We will need the name of a contact person (usually the club president) and an email address we can make public so that we can put potential and current members in contact with someone within your club's leadership. Optionally, you can provide us with your club's website, address and a phone number if you want to allow people to call you.

Apply for a new club

For a step-by-step application guide, you can visit and [watch the application guide](#).

1. Visit the LUSU Club's website at www.lusu.ca/clubs and click on "Create or Renew a Club"
2. Fill in the online application with your club's name, acronym, purpose, primary club officers and public contract information.
3. Decide and input the club's exclusivity and membership dues.
4. Receive permission from the Vice-Provost (Student Affairs) if your club name includes the words "Lakehead University" or "Lakehead U." This process is done automatically through the club application.
5. List the club officers and their duties/responsibilities.
6. Submit club application.
7. Create an officer account at www.lusu.ca/clubs and click on "Officer Registration."
8. Log in to the officer's account and update contact information
9. Upload your constitution (see details below) and other related documents
10. Gather member signatures
11. Ratification (see details below)

If your club has been operating for more than two (2) years, your club will automatically be ratified.

Renewing your Club

If you are a club that was approved to operate last year, you can file a renewal application that's much less work than starting a new club.

If your club did not exist or operate last year, you cannot qualify for renewal. You must file a brand new application.

Tenured Clubs

If your club has been around for two prior years (in other words, you're going into your third or additional year), you qualify for "tenured status," which means that as long as you submit your required renewal forms, you are automatically approved for another year.

How to renew your club

For a step by step renewal process, you can visit and [watch the video](#):

1. Visit the LUSU Clubs website at www.lusu.ca/clubs and click on “Create or Renew a Club”
2. Select your campus and choose the club you wish to renew on the right.
3. Fill out the contact information.
4. Review the current club information to ensure it is up to date.
5. Update officers’ list and information.
6. Submit your renewal and follow the steps outlined after the application has been submitted.
7. Application deadline is October 15th.

Model Constitution

A constitution will be generated for you when you complete your club application. This constitution is your club’s “rule book”, which sets out what your club does, who can be a member, who’s in charge, and how new club officers get chosen. This document is important because it ensures continuity within your club (e.g., it can exist long after the founders leave) and it creates an environment of fairness for your club members.

You are free to edit this model constitution if you wish by adding new officers (if you have them), expanding your purpose, or making any other change that you feel is appropriate. If you make significant edits to the model constitution, please make sure they do not violate LUSU’s Constitution & By-Laws.

For most clubs, however, the model constitution is perfectly appropriate and no changes need to be made.

Ratification by LUSU

LUSU collects club applications until the deadline on October 15. Shortly afterward, the LUSU Board of Directors approves all completed club applications that meet the criteria of being an official club. At this point, you can take advantage of the rights and privileges afforded to official clubs.

All official clubs hold this designation until September 30 of next year, at which point we should have received a renewal application in order to extend your club's status for an additional year. This process needs to be repeated every academic year.

Please note that prior to notification of official club status, you cannot use the name of your club to run events or organize meetings.

Help with the Process

If you need help with the process of your club application, you can contact Amla Sandur at vpa@lusu.ca or (807) 343-8602. Please ensure the subject of your email is clearly labelled.

Formal Responsibilities

We know most clubs just want to have fun and not bother with formalities. Regardless, these formalities are vital to your club's continued existence, so we ask you to do your very best to work through these requirements.

Due Diligence and Officers' Responsibility

Because officers run the club, they are responsible for making decisions in the best interests of the club's members and in the furtherance of the club's stated purpose. Officers are also responsible for the actions of their members at events or meetings that are hosted or attended by their members. This means that officers need to follow the [LUSU's governing documents](#), LUSU's Code of Ethics (attached to the governing documents), and [Lakehead University's Student Code of Conduct](#). Officers will be held responsible for everything they do in the name of their club, so it's important to practice "due diligence", or a standard of care over your club and its activities.

By signing on as an officer of a club, you also agree to take on the debts and obligations of your club, so don't make any agreement with any organization (including LUSU or the university) that you are unable to honour, either financial or otherwise. Likewise, if you are becoming an officer of an existing club, you will inherit those obligations, so make sure you take care of any outstanding agreements as soon as possible.

Elections & General Meetings

Elections allow your club to continue long after you leave the university. This means that every year your members must vote on who will lead the club in the following year. This election happens at an Annual General Meeting, or a meeting with the club officers and all of the club members. This meeting can take place any time between January and April and is called and led by the President. The meeting has to be announced to all of your club's members at least two weeks prior to its scheduled date. At this meeting, your members will vote on who next year's officers will be. It's important that your secretary take minutes of this meeting. Full results of this election must be shared with your membership to assure a transparent election process. Finally, your treasurer must give a report on the club's finances at this meeting.

If you're unsure of how to run your election and need any advice or assistance, please reach out to the VP Advocacy ahead of time. Running a proper and transparent election is key to ensuring your club will be renewed and ratified every year!

Please make sure you call your general meeting. If you don't do that, your club will face serious difficulty receiving a renewal next year. If you can't get enough members together for a general meeting, the model constitution allows officers to appoint their successors after a certain number of attempts.

If your members don't like what's going on with your club, they can call a Special General Meeting and take a vote on changing your club's constitution or replace any or all of your officers. It's important to listen to your club's members and not let any problem lead up to this point. Thankfully, the majority of clubs don't experience this level of difficulty.

If you need extra assistance in setting up an election process contact Amla Sandur at vpa@lusu.ca or (807) 343-8602.

Amending your Club Constitution

If you need to make changes to your club's constitution after you create your club, you must get your members to approve the changes at a general meeting. Once the changes are approved, you must upload the documents to the online club application.

Running Your Club

Holding Meetings

Regular meetings with your members are encouraged to facilitate the business of your club. Consider Zoom or other online meeting software, or booking space on campus is safe and permitted, to hold meetings and talk about what activities you are planning. Meetings should encourage participation amongst your members. If your club regularly sees a large turnout at its meetings, you may consider creating a formal agenda and timeline for the meeting.

Unless you are holding your Annual General Meeting, it's not necessary for your meetings to be formal, follow "rules of order", or include the formal taking of minutes. Remember, you don't want to create needless work for yourself or participate in activities that probably wouldn't be very fun for your members.

Club Finances

All of your club income and expenses must be managed through LUSU and your club account. You must submit all deposits and reimbursements through the Services Officer to ensure all club execs, current and future, have a full record of your club's finances. You can submit club deposits or have cheques issued in payment at the LUSU office.

Before spending any money, always check your club account balance.

Any club officer can check their club account balance under their Officer control panel in the [Clubs App](#). If you don't have enough in your club account, you are encouraged to participate in club fundraising, and you can also submit a LUSU funding request. Depending on how much you're requesting, it can take up to 5 weeks to be processed. This form is available on the [LUSU Clubs page](#). *Note that submitting a funding request does not guarantee approval.*

It's vital that you keep your personal funds and your club's money separate. Any money collected from your members, donors, or third parties that is intended for your club **must be** deposited into your club account. Likewise, any expenses should be drawn from your club account by way of a requisition form with signatures of your President and Treasurer. It is very important to keep all of your club finances within LUSU to ensure financial accuracy and transparency.

When requesting a cheque, you must include original, paid, itemized receipts and other relevant documentation to authorize the payment. **Please note that cheque requisitions require at least five working days to process and may require additional time** depending on the situation; **we cannot rush any payment under any circumstances.**

How To Submit a Cheque Requisition

1. Complete a cheque requisition form (available in the LUSU office)
2. a) Attach original, itemised, paid receipts. *(Please note that debit or credit card transaction slips are not accepted without an itemised receipt.)*

b) Attach original invoice if we are paying a vendor on your behalf
3. Submit your form to the LUSU office

Note: Cheque requisitions must be signed by two club officers. The club contact specified on the cheque requisition form will be notified once the reimbursement is approved and the cheque is ready. At this point the funds will be deducted from your club account.

Please note that our deadline to submit all eligible outstanding club cheque requisitions for the school year is **March 31st, 2021**.

With COVID-19 provincial restrictions in place, LUSU's on-campus availability for cheque requisitions may be limited. If you need any help with your club finances, or would like to submit a cheque requisition, you can contact bryant.kotyk@lusu.ca and vpa@lusu.ca.

Overdrawing Your Club Account

If you have expenses that are greater than the available funds in your club account, you will overdraw your account and go into a negative balance. **This is not permitted and you must replenish your club account as soon as possible.**

Accounts that are overdrawn for longer than thirty (30) days may lead to club suspension until you have brought your account back into balance. If this occurs at the end of the academic year, your club will not be approved for renewal for the next year and club officers will be held personally liable for the money they owe LUSU.

If your club is having financial difficulties, please contact vpa@lusu.ca as soon as possible so we can figure out ways to help.

Events & Booking Spaces

There are many spaces available on campus for you to hold events, meetings, other club functions. For example, you can book classrooms or boardrooms for club meetings or spaces like the Outpost, The Study, the Agora or Faculty Lounge for events. Most “as-is” classroom or boardroom bookings - meaning bookings that only require the use of the space without any setup requirements or catering - are generally free to LUSU clubs, provided they follow the booking procedure and give the required amount of advance notice.

NOTE: COVID-19 precautions are likely to create limitations on classroom bookings!

Larger events in LU spaces, particularly ones that require setup and/or catering, will likely include fees from Conference Services. These charges can be invoiced to your club account, provided you have enough funds to cover the fees. However, the LUSU Services Officer must approve of the contract for any booking and a hold for the full amount must be placed on the club’s amount at that time. All LU departments must get LUSU approval before we can be invoiced, and any invoices received without being approved beforehand will be the responsibility of the club member who made the booking.

To book rooms or spaces on campus, complete the Room Booking Form here:

<https://lakehead.wufoo.com/forms/zy1otxe0gmdruj/>

Several table spaces are available on campus and can be booked for ticket sales, bake sales and fundraising, information and outreach, or other club needs. Table bookings are generally free of charge for all LUSU clubs, but a fee may apply for any “no shows”, as staff are scheduled in advance to set up these tables. If you need to cancel *any* booking, please just let us know at least 2 days in advance so we can cancel any scheduled setup.

Lakehead University Table Booking Form:

<https://lakehead.wufoo.com/forms/z1b26hy91rvh2xp/>

Outpost Table Booking Form (outside main entrance):

<https://lakehead.wufoo.com/forms/zmuvrtj19kuih3/>

In Thunder Bay, all approved clubs can book LUSU spaces, including the LUSU Boardroom (UC-2020), The Study Coffeehouse, The Study’s side lounge, and The Outpost.

Note that depending on what you’re doing, booking The Outpost or The Study may result in a fee (for example: when you are hosting an exclusive event and/or an event outside of the venue’s normal operating hours). Should you require the space, please book well in advance.

To book the LUSU Boardroom (UC-2020), or if you require further assistance, please contact Bryant Kotyk, LUSU Services Officer, at (807) 343-8890 or at bryant.kotyk@lusu.ca

For more information or to book The Study, please contact Noreen Gracey, Study Manager, at (807) 346-7726 or manager@thestudycoffeehouse.ca

For more information or to book The Outpost, please contact Lorraine Still, Outpost Manager, at (807) 346-8551 or manager@outpostpub.ca

Catering and Food

If you would like to have food at one of your events, The Outpost or The Study would be happy to cater and host your function. If your event is at another Lakehead University (non-LUSU) space, you can contact Aramark, the university food services provider, who can provide you with a quote. Both LUSU and Aramark will allow you to make purchases against your club account, but please ensure you have the money available in your LUSU account before you make catering arrangements.

You can also bring food from off-campus to your event. In such cases, it's important to make arrangements with Bryant Kotyk and complete all applicable waivers. **Please let us know before you bring food on campus** as there are specific university rules in place.

Borrowing Equipment

If you are hosting an event or a meeting and need equipment such as laptops, projectors, speakers, or other technology, we can usually help facilitate it. Please contact Bryant Kotyk at (807) 343-8890 or at bryant.kotyk@lusu.ca well in advance of your needs (at least ten business days). You should also be aware that there might be a fee associated with certain types of equipment rentals; we will let you know beforehand in this case.

Additionally, LUSU has some equipment available to lend for club events and fundraising, such as LUSU-branded tablecloths, cash boxes, voting tablets, and more. Note that availability is not guaranteed and 5+ days' notice is required to book.

To request this equipment, please complete the Clubs Equipment Booking Form here: <https://lakehead.wufoo.com/forms/zxdo8rs17mai35/>

Risk Management & Insurance for Events

Whether you're holding an event on or off campus, you must do significant planning beforehand. One aspect of planning is covering your liability for mishaps that may occur during the event; this process is called "risk management".

LUSU extends insurance coverage to all official clubs for their events so long as they complete a *Risk Assessment Form* that outlines the activities the club is undertaking. Most of the time, the form is very simple and doesn't need much time to complete. However, for complex events or ones with elevated risk (for example: certain sporting activities, events with lots of electrical equipment, etc) there may be a longer process associated with getting clearance, so please ensure this is completed well in advance to ensure your event can go as planned.

All events requiring risk management on-campus require approval from Lakehead's Office of Risk Management; without their approval in these cases, your event **will not** go forward. Additionally, if you are renting a venue somewhere off-campus, they will likely ask for a certificate of insurance, which LUSU can provide after you complete a risk assessment.

LUSU has a Preliminary Risk Assessment available that should be completed for all club events to ensure the proper procedures are being followed.

To get a copy of this form, please email bryant.kotyk@lusu.ca.

Risk Management Assessment forms are available on the Lakehead University website here: <https://www.lakeheadu.ca/faculty-and-staff/procedures/risk-management/planning-approval>

Are you renting a car for a club activity? We strongly encourage you to take advantage of insurance provided by the rental agency. **LUSU insurance will not cover this.**

If you have any questions about the risk assessment process or would like to move forward with assessing one of your events, please contact Bryant Kotyk at bryant.kotyk@lusu.ca or (807) 343-8890 and Amla Sandur at vpa@lusu.ca or (807) 343-8602.

Please note that if you do not undergo a risk assessment when holding an event and anything goes wrong, your club officers will be personally liable for any damages; therefore it's very important to make sure you take the time to complete the assessment.

Club Days

Every year, LUSU hosts days-long events for clubs to reach out to potential new members. This is an ideal opportunity to get people involved in your club, as typically hundreds of students show up and check out what clubs are doing. Typically these are held in the Agora, but we are looking into online models this year due to COVID-19.

Club Days are currently planned to be held on **September 29th and 30th, 2020** in the Fall semester, and on or around the third week of **January, 2021** in the Winter semester (*both subject to change*), and it is highly encouraged that you attend. In particular, this is a great chance for new clubs to get rolling and generate awareness and interest for their organization.

This event is **free of charge** for anyone interested in participating. A link to the Club Days Registration Form will be sent by email to all clubs' public contacts approximately 3 weeks ahead of the event. Please be sure to register early in order to book a space as spaces can book up quickly!

Requesting Funding

Running your club requires finances. We encourage all clubs to fundraise for their expenses, whether that be a bake sale on campus, ticket sales for an event, or whatever other cool ideas you can come up with. Clubs can also apply for funding through LUSU to supplement the costs involved with running your club.

Please note that club funding grants **are not** guaranteed. Eligible clubs can request club funding from LUSU by completing the Club Funding Request Form and submitting it via email *before October 15th, 2020*.

Planning some kickass event but don't have the money to see it through? LUSU might be able to help! Clubs can apply for additional funding through the office of the Vice-President Operations & Finance by completing and submitting a funding request form, which is available online at www.lusu.ca/clubs or at the LUSU office.

It's important to try and raise as much money as possible prior to asking LUSU for more, but once you've exhausted all of the avenues, LUSU will do everything possible to give you a hand. Please see the funding request package for more information about what is required when making a request.

If you require further information, please contact Prabhjot Singh Ahuja at (807) 343-8553 or vpfin@lusu.ca

Communicating with Members & The Public

Advertising

If you're running an event, you definitely want people to know about it! LUSU provides a number of ways for clubs to get the word out to the student community.

LUSU poster boards are available around campus for club use. In order to post on the boards, just bring your posters in to the LUSU office to be approved and stamped. All postering must follow the LUSU Postering Policy, which can be read here:

[ADD LINK]

You can also contact Caine Smith, our Communications Officer, for design & printing services. You can reach him at caine.smith@lusu.ca or at (807) 346-7756. **Note that graphic design and printing must be requested well in advance.**

Please note that poster design is only available for large events. The printing prices can be found below:

8.5" x 11"	Colour	\$0.40/page
11" x 17"	Colour	\$0.60/page
8.5" x 11"	Card Stock	\$0.60/page
11" x 17"	Double Sided	\$1.20/page

You can also contact *The Argus*, your on-campus student-run newspaper, which gives preferential advertising rates for official clubs. Additionally, they may be able to list your event for free in the small events section. If you're running a particularly spectacular event, you should encourage a reporter to attend and write an article. You can contact the Editor-in-Chief of *The Argus* at editor@theargus.ca.

Lastly, if your club has some news or is running an event that is relevant to the majority of students, you can get your message into LUSU's weekly mass emails. Please contact Sukhraj Grewal, the LUSU President, at president@lusu.ca for more info.

By Email

A mass emailing list of your members will be automatically generated through the online club application. We do not condone spam in the name of your club, and we take complaints of spam very seriously. Please make sure to send only relevant and important emails to your members and respect their requests for removal.

We encourage you to create a free email account using an online service such as Gmail or Hotmail, which you can use as a general delivery mailbox for communicating with your members. This also allows you to pass on the same email address to the club officers who will come after you, which can help with the transition year to year. LUSU does not provide website or email services.

By Mail

If your club needs to send or receive mail, you can access your mailbox at the LUSU office. Have anyone address incoming mail to the following:

[Your club's name]
c/o Lakehead University Student Union SC-0001,
955 Oliver Road
Thunder Bay, ON P7B 5E1

Club Websites & Social Media

Though LUSU's new website, clubs will be able to customize their own individual web pages to tell the world about what they're doing! Club Pages will offer a one-stop location for other students and the general public to learn about your club, find out how to get in touch, see what events you have planned, and much more. Stay tuned for more information!

Clubs can also run and maintain their own social media profiles to communicate club matters, events, and more with their members and the general public. However, note that all club-related content has to follow the LU Student Code of Conduct, so be mindful of what you're posting!

If you have any questions or would like to request assistance, please contact Bryant Kotyk at bryant.kotyk@lusu.ca / (807) 343-8890 or Amla Sandur at vpa@lusu.ca / (807) 343-8602.
